

Exercises 8 (VM code generation)

8A. (Code templates)

The course notes (starting slide 8-12) show code templates for some Fun AST fragments. In similar style, write code templates for the following AST fragments:

Compare your code templates with the corresponding actions in `FunEncoder.g`.

8B. (Code generation actions)

The course notes (starting slide 8-19) outline code generation actions for some Fun AST fragments. In similar style, write code generation actions for the AST fragments of Exercise 8A.
