

some key words
&
some thoughts

- Reification
- Idempotent
- Entailed
- Constructive disjunction

What next?

- Grow constraint library
 - allDiff, lex, element, occurs, nogood, ...
- New search
 - Restarts with nogoods
 - Parallel search
 - Proof logging (dependable AI)
- New levels of consistency
 - SAC
- New variable & value ordering heuristics
- Reflect on efficiency (... lack of)
 - Masks for propagators/constraints
- Alternative representation of domains
